

INDEPENDENT AUDITOR'S REPORT

The Board of Trustees  
Arizona Baptist Children's Services

We have audited the accompanying financial statements of Arizona Baptist Children's Services (a nonprofit organization), which comprise the statements of financial position as of December 31, 2016 and 2015, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

**Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

**Auditor's Responsibility**

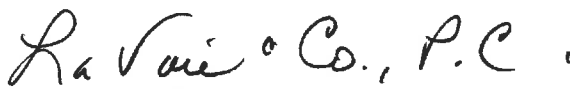

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Arizona Baptist Children's Services as of December 31, 2016 and 2015, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

## NOTES TO FINANCIAL STATEMENTS

December 31, 2016 and 2015

### PURPOSE AND ORGANIZATION

Arizona Baptist Children's Services (ABCS) is a religious nonprofit corporation that provides services to Arizona families and children with family and behavioral problems. These services include: adoption services, parent aide, foster care services, outpatient counseling services, and crisis pregnancy services throughout the State of Arizona. The State of Arizona is represented by five regions located in Tucson, Yuma, Phoenix, Bullhead City and Snowflake. The administrative office is located in Tucson.

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies are described below:

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles.

Basis of Presentation - ABCS is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. These net assets classifications are described as follows:

Unrestricted Net Assets - not subject to donor-imposed restrictions. Unrestricted net assets may be designated for specific purposes or locations by action of the Board of Directors.

Temporarily Restricted Net Assets - subject to donor-imposed stipulations that may be fulfilled by actions of ABCS to meet the stipulations or become unrestricted at the date specified by the donor.

Permanently Restricted Net Assets - subject to donor-imposed stipulations that they be retained and invested permanently.

Cash and Cash Equivalents - ABCS considers all unrestricted highly liquid investments with an initial maturity of three months or less to be cash equivalents.

Accounts Receivable - Accounts receivable are mostly from State government agencies for services rendered. Accounts receivable are not recorded until the related service is provided. Accounts receivable are stated at the amount management expects to collect. Management provides for estimated uncollectible amounts by providing a bad debt valuation allowance, based on its assessment of the collectability of the accounts. Management provided a bad debt allowance of \$20,000 at December 31, 2016 and 2015.

Promises to Give - Contributions are recognized when the donor makes a promise to give to the Organization that is, in substance, unconditional.

The Organization uses the allowance method to determine uncollectible promises receivable. The allowance is based on prior years' experience and management's analysis of specific promises made.

Arizona Baptist Children's Services

NOTES TO FINANCIAL STATEMENTS

December 31, 2016 and 2015

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investments - ABCS carries investments in marketable equity and debt securities with readily determinable fair values at their fair values in the Statement of Financial Position. Unrealized gains and losses are included in the change in net assets in the accompanying Statement of Activities. Investments are presented based on a fair value hierarchy as follows:

- Level 1 - Quoted prices in active markets for identical assets.
- Level 2 - ABCS does not use Level 2.
- Level 3 - Unobservable inputs when observable are not available.

Property and Equipment - Acquisitions or donations of property and equipment with a cost in excess of \$5,000 and all expenses for repairs, maintenance, renewals, and betterments that materially prolong the useful lives of assets are capitalized. Property and equipment are carried at cost or, if donated, fair market value at the date of donation. Depreciation is computed using the straight-line method over the estimated useful lives of the respective assets.

Donated Property and Equipment - Donations of property and equipment are recorded as contributions at fair market value at the date of donation. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as increases in restricted net assets. It is ABCS's policy to imply a time restriction, based on the assets' estimated useful lives, on donations of property and equipment that are not restricted as to their use by the donor. Accordingly, those donations are recorded as increases in temporarily restricted net assets.

Donated marketable securities and other noncash donations are recorded as contributions at their fair values at the date of donation.

Support and Revenue - Support and revenue consists mainly of contributions from the public and a contract with the State of Arizona. Revenue from the contract with the State of Arizona is recorded as earned when services are rendered. Contribution revenue is recorded when promised by the donor.

Contributions received are recorded as increases in unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of any donor restrictions. All donor-restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction.

Donated Services - Donated services are recognized as contributions if the services (a) create or enhance nonfinancial assets or (b) require specialized skills, are performed by people with those skills, and would otherwise be purchased by ABCS. Volunteers also provided services throughout the year that are not recognized as contributions in the financial statements since the recognition criteria were not met.

Investment Income and Gains - Investment income and gains restricted by donors are reported as increases in unrestricted net assets if the restrictions are met (either a stipulated time period ends or a purpose restriction is accomplished) in the reporting period in which the income and gains are recognized.

NOTES TO FINANCIAL STATEMENTS

December 31, 2016 and 2015

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Functional Expense Allocation - The costs of providing the various programs and other activities have been summarized on a functional basis in the accompanying Statements of Functional Expenses. Directly identifiable expenses are charged to the respective programs and supporting services. Expenses related to more than one function are allocated to programs and supporting services based on a rational estimation method.

Income Tax Status - ABCS is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code. ABCS will maintain its exempt status as long as its operations continue to comply with Internal Revenue Code. ABCS is not a private foundation. As of December 31, 2016 and 2015, ABCS has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements.

Use of Estimates - Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could differ from those estimates.

NOTE 2 - ACCOUNTS RECEIVABLE

Accounts receivable at December 31, 2016 and 2015, are wholly from the Arizona Department of Economic Security for services provided, net of an allowance for doubtful accounts of \$20,000.

NOTE 3 - PROMISES TO GIVE

During 2015 ABCS was notified it was a beneficiary of an estate. The estate was settled and ABCS received \$1,325,794 in 2016.

NOTE 4 - INVESTMENTS

Level 1 fair values for investments are determined by reference to quoted market prices and other relevant information generated by market transactions in major exchanges. Level 3 fair values are unobservable inputs because observable inputs are not available. Fair values of investments measured at December 31, 2016 are as follows:

	<u>Unrestricted</u>		<u>Endowment Funds - Permanently Restricted</u>

NOTES TO FINANCIAL STATEMENTS

NOTE 6 - BENEFICIAL INTERESTS IN TRUSTS

Irrevocable Remainder Trust - Unrestricted

In 2006, a revocable remainder trust naming ABCS as a remainder beneficiary became irrevocable due to the death of the donors. Under that trust document, ABCS will receive the remaining trust principal after the death of the income beneficiaries. The fair value of the remaining trust principal is estimated based on the future fair value of the trust assets, less payments to income beneficiaries, computed to a present value. Based on the income beneficiary's life expectancy and the 2% discount rates for 2016 and 2015, required by Internal Revenue Service rules, the present value of the future benefits expected to be received by ABCS under this trust is estimated to be \$148,215 and \$145,208 at December 31, 2016 and 2015, respectively.

Fair values of the assets in the above noted trust at December 31 are as follows:

	<u>2016</u>		<u>2015</u>	
	<u>Fair Value</u>	<u>Level 1</u>	<u>Fair Value</u>	<u>Level 1</u>
Beneficial interest in assets held in trust:				
Money market funds	\$ 4,624	\$ 4,624	\$ 7,282	\$ 7,282
Equities	57,158	57,158	53,948	53,948
Fixed income	<u>86,433</u>	<u>86,433</u>	<u>83,978</u>	<u>83,978</u>
	<u>\$148,215</u>	<u>\$148,215</u>	<u>\$145,208</u>	<u>\$145,208</u>

Charitable Remainder Uni-Trusts – Permanently Restricted

ABCS was the beneficiary of two charitable remainder uni-trusts (Trusts) originally naming the Baptist Foundation of Arizona (BFA). When BFA filed bankruptcy in 1999, these Trusts were amended to name ABCS as a 45 percent beneficiary.

Both of these Trusts reached their stated 20 year terms during 2016. In 2005, the Trustee went to court and named a new beneficiary list as one beneficiary was no longer qualified to receive a distribution. ABCS had recorded and presented these trusts as unrestricted. The donor included in the court filings language stating that the payouts would be to a permanently restricted endowment fund. ABCS management at that time did not cause the Trust assets to be moved to permanent.

These statements have now presented the payouts as permanently restricted. Further, the beginning net asset values as of January 1, 2015 have been restated to reflect the 2005 court filings.

Under the terms of the Trusts, the donor received a quarterly distribution (8.5% annually) based on the fair value of Trusts' assets. The principal and income earned on the Trusts' assets remained in the Trusts until the earlier of 2016 or the donor's death. At that time, the Trusts remaining assets are distributed to the remainder beneficiaries. ABCS received its entire distribution in 2016. Based on the donor's life expectancy and the 2% interest rates for 2015, required by IRS rules, the present value of the future benefits expected to be received by ABCS was estimated to be \$595,939 at December 31, 2015.

NOTE 7 - ENDOWMENT FUNDS – PERMANENTLY RESTRICTED

Some of ABCS's endowment funds - permanently restricted are held by the California Baptist Foundation as trustee.

A. Interpretation of Relevant Law

The Board of Trustees of ABCS has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the historic dollar value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, ABCS classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by ABCS in a manner consistent with the standard of prudence prescribed by UPMIFA. In accordance with UPMIFA, ABCS considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- a. The duration and preservation of the fund
- b. The purposes of the organization and the donor-restricted endowment fund
- c. General economic conditions
- d. The possible effect of inflation and deflation
- e. The expected total return from income and the appreciation of investments
- f. Other resources of the organization
- g. The investment policies of the organization

B. Funds with Deficiencies

From time to time, the fair value of assets associated with donor-restricted endowment funds may fall below the level that the donor or UPMIFA requires ABCS to retain as a fund of perpetual duration. In accordance with GAAP, deficiencies of this nature are reported in unrestricted net assets. There were no such deficiencies as of December 31, 2016 or 2015.

C. Return Objectives and Risk Parameters

ABCS has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowments while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the organization must hold in perpetuity. Under this policy, as approved by the Board of Trustees, the endowment assets are invested in a manner that is intended to produce results that exceed the price and yield results of the S&P 500 index while assuming a moderate level of investment risk. ABCS expects its endowment funds, over time, to provide an average rate of return of 5 percent annually. Actual returns in any given year may vary from this amount.

D. Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return objectives, ABCS relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). ABCS targets a diversified asset allocation that places a greater emphasis on equity investments to achieve its long-term return objectives within prudent risk constraints.

E. Spending Policy and How the Investment Objectives Relate to Spending Policy

The California Baptist Foundation distributes funds to ABCS up to a 5 percent spending policy. Funds received under the policy are unrestricted.

Fair values of endowment investments managed by the California Baptist Foundation as trustee and measured at December 31, 2016 and 2015 are listed under Note 4 Investments.

Fair values for endowment funds not traded in a major exchange were determined by the California Baptist Foundation's calculation of ABCS' share of pooled investments in Church bonds and mortgages. The value of the Church bonds and mortgages are noted as Level 3 above. ABCS recognizes transfers into and out of levels at the end of the reporting period.

NOTE 10 - CONCENTRATIONS

ABCS received 79% and 81% of its support and revenue for 2016 and 2015 from State of Arizona contracts. If these contracts were modified, reducing or eliminating these revenues, ABCS's finances could be materially adversely affected.

Financial instruments that potentially subject ABCS to concentrations of credit risk consist principally of cash in banks. ABCS usually limits the amount of credit exposure to any one financial institution by not exceeding federal deposit insurance amounts. At December 31, 2016, ABCS had \$974,000 on deposit in excess of federal deposit insurance.

NOTE 11 - RETIREMENT PLAN

ABCS employees are included in a multi-employer defined contribution retirement plan established by the Southern Baptist Protection Program, Convention Annuity Plan. Employees with at least one year of service are eligible to participate in the plan. Employees may make an elective salary deferral up to the maximum allowed by law. ABCS matches the employee's salary reduction up to 3 percent. Employer contributions were \$52,000 and \$37,000 for 2016 and 2015, respectively.

ABCS directors are eligible to participate in a deferred compensation plan established by the Southern Baptist Convention. Directors may make an elective salary deferral up to the maximum allowed by law. ABCS matches the director's salary reduction up to 5 percent. Employer contributions were \$18,000 and \$24,000 for 2016 and 2015, respectively.
